DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-21 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Gardner (US 2002/0029099).

See especially paragraph 26.

3. Claims 1-21 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by either one of Dahl or FR 2,584,842.

See especially column 8, lines 29-40 and column 10, line 20 to column 11, line 5 of Dahl.

See especially the translation of the French reference.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Gardner (2002/0035415), Ammar et al, and Adams et al are cited as being of interest since they disclose flight control systems.
